

HalfPints Preschool and Daycare Center Health Plan Policy

In case of a medical emergency, HalfPints would call 911 then the parent. An incident report would be filled out to explain the emergency.

Please keep in mind that we don't allow your child in care if he/she is sick. We can only care for children with mild cold-like symptoms. If your child is displaying a fever greater than 101° or symptoms of a communicable disease he/she cannot be brought to HalfPints. **Child(ren) need to be fever and vomit free for 24 hrs before returning to HalfPints.** If your child becomes ill during the time in our care, you will be asked to come pick your child up. Sick children really want to be home with mom or dad.

HalfPints can administer any over the counter medication and/or prescription medication only if it is provided in it's original container and a consent form is filled out and signed by the parent or Guardian of child(ren). Prescribed medication will be administered by HalfPints staff. Prescribed medication will be documented on a medication distribution sheet as administered and who administered.

HalfPints currently offers CPR and first aid training. All staff are trained on the communicable disease policy. All staff are trained on how to handle a medical emergency.
